

Buckhead Blue Security Patrol
A service of: *Accion Security Consulting, LLC*
State of Georgia License #PDSC001617

1) What is *Buckhead Blue*?

Buckhead Blue is a private security patrol that operates in the Buckhead commercial and residential neighborhood area. The security patrol is made up of various private security officers as well as certified law enforcement officers, whose focus is to deliver specialized service to merchants and residents. The objective of the patrol is to greatly increase police/security uniform presence in the core commercial areas of Buckhead and surrounding neighborhoods by being highly visible and engaged with the community. *Buckhead Blue* will work closely and have direct communication with city officials to address crime trends and events and city ordinance violations.

Buckhead Blue is operated by *Accion Security Consulting, LLC*, a Georgia licensed and insured security company started by James Sellers, retired Police Major and commander of Buckhead, where *Blue* is located and where he is a resident. Sellers perspective and incite along with his ability to strategize and address shared goals with law enforcement ensures that customers have a quality security experience and feel safer.

Buckhead Blue operates in partnership and is supported by the *Buckhead Alliance*, who presently collects, administers and manages the funds from businesses and neighborhoods to help increase awareness and obtain additional participation for patrols. *Buckhead Alliance* collects and earmarks funds paid for patrols towards *Buckhead Blue Patrol* in each specific neighborhood.

2) What are benefits of *Buckhead Blue*?

Buckhead Blue offers an increased, area specific, high visibility patrol that acts to deter illegal and unwanted activity. The patrols can have a limited number of dedicated hours or may operate 24/7. Since businesses and the neighborhoods can join in efforts to pay for extra security, the patrols are flexible and tailored to their needs and any specific concerns communicated. Another key component is that there is no reason that funded patrols should be called away to other duties, or be assigned anywhere, except where commissioned by the customers.

3) What is membership and how much does it cost?

Membership into *Buckhead Blue* is an initiative and a commitment to feel and be safer in your community. It is also an investment in preserving and protecting value and quality that you have worked hard to maintain. Since it is anticipated that *Blue* services will be based on dedicated hours for patrol requests, and geographic area of coverage, the formula for cost is based on manpower allotment and aims for the best and fairest cost possible.
